AMEND Senate Bill No. 2860

House Bill No. 2769*

By adding the following language to the end of the amendatory language in SECTION 1:

In any judicial or administrative proceeding in which the results of a breathalyzer or similar device used to measure the alcohol content in a person's blood are being introduced for the purpose of proving the alcohol content in a person's blood or the intoxication of such person, such results shall not be admissible for such purposes unless the law enforcement officer operating the device has been trained by a recognized organization in the field as qualified to operate the device used.
